

UH Hilo Summer in Astronomy

<http://astro.uhh.hawaii.edu/Summer2015/summer2015.php>

If you are interested in the Astrophysics from Maunakea two credits course, choose three topics of interest by identifying the astronomer you would like to work with on a research proposal. Indicate your top three choices, with "1" as first priority and "3" as lowest priority.

Your name: _____

Email: _____

Date: _____

Select your top three choices, with "1" as first priority and "3" as lowest priority.

- Inger Jorgensen - Gemini Observatory,
Research: Formation and evolution of galaxies

- Nicolas Flagey - IfA,
Research: Interstellar Medium

- Luca Rizzi - Keck Observatory,
Research: Dwarf galaxies

- Andre-Nicolas Chene - Gemini Observatory,
Research: Young Massive Stars
